SMART REHABILITATION 3.0

Smart Rehabilitation 3.0 is a 30 months long project co-funded by the Erasmus+ Programme of the European Union under Key Action 2: Strategic Partnership for Higher Education. The project aims to mitigate and cover the gap between educational offer and the social reality, by defining, a new professional profile of "Rehabilitation Expert" and the creation of homogeneous curricula, validated at European level, for the training of these experts, within the framework of higher education
